

BIKE TOOL BT-015

PRODUCT DESCRIPTION

Product Description and Application

A 15 mm wrench, specially designed for fitting and removing of all types of bicycle pedals.

FEATURES

- With a user friendly soft grip
- The “offset” design enables good clearance of the frame while mounting or removing the pedal.
- An extra hole allows easy storage of the tool easily on the wall of your workshop or shed
- The tool can also be used as a normal 15 mm wrench
- Recommended for everybody’s bicycle maintenance tool box
